

CLASSIC COLUMN

Cost Effective

Create a distinct and attractive finished look while adding greater value to any home or project.

Interior or Exterior Use

Perfect for dressing up entrances, landscapes, pony walls, hearths, or any number of applications.

Sizes and Lengths

Available in 6, 8, 10, and 12" diameters in any length up to 20 feet.

Easy to Install

Simply slide the cap and base over the PVC pipe, secure the pipe in place, slide the cap and base into position, fasten, prime and paint.

Tuscan Style Caps and Bases for PVC Pipe Columns

For use with standard PVC water pipe (IPS)

Product Code (and pipe diameter)	Base Square (inches)	Cap Square (inches)
CC-6 ^{5/8} IPS	9 ^{1/4}	9 ^{1/8}
CC-8 ^{5/8} IPS	12	11 ^{7/8}
CC-10 ^{3/4} IPS	15	14 ^{7/8}
CC-12 ^{3/4} IPS	17 ^{3/4}	17 ^{5/8}

For standard water pipe; use IPS class 63 (SDR64), class 100 (SDR41), class 125 (SDR32.5), class 160 (SDR26), class 200 (SDR21), Schedule 40, or Schedule 80.

For use with standard PVC sewer pipe (SWR)

Product Code (and pipe diameter)	Base Square (inches)	Cap Square (inches)
CC-8.4 SWR	12	11 ^{7/8}
CC-10 ^{1/2} SWR	15	14 ^{7/8}
CC-12 ^{1/2} SWR	17 ^{3/4}	17 ^{5/8}

For standard sewer pipe; order SDR35

NOTE: *The Classic Column PVC Pipe Column System is not intended for structural support, however the hollow core does allow for the installation of wood or steel support posts.*
